Children’s Names and Age:

Please state on what grounds you have been moved to seek the Sacred Ministry.

Write a brief account on your religious life history and of your present religious convictions focusing on your reasons for seeking ordination rather than deepening and extending your present lay ministry. In your essay, please address the following question:

1. Given the centrality of lay ministry, why do you feel called to the ordained ministry?
2. What personal support systems are in place to help you through this process?
3. Are your spouse and family supportive of your engagement in this process?
4. Give your personal stewardship statement.

**PLEASE CONFINE YOUR ESSAY TO NO MORE THAN FIVE TYPEWRITTEN,
DOUBLE-SPACED PAGES AND ATTACH APPLICATION**

Please submit reference letters from (1) A presbyter, not your rector (2) A co-worker (3) A church friend (4) A friend outside the church.

If the process does not result in Postulancy, I understand that I will continue to seek to discern the lay ministry to which I am called.

I understand that after ordination I may not be able to support myself full time in the church.

Please enclose three small photos of yourself.
